Principal’s Report
Lesley McCarthy

Unfortunately, we have an outbreak of SCABIES in the school with students {Prep, 5/6} and teachers affected. Scabies is a highly contagious parasitic skin infestation characterised by thin, slightly elevated, wavy grey-white burrows that contain the mites and eggs.

The most common sites for burrows are between the fingers and toes, surfaces of the wrists and elbows, lower abdomen. The face, head, palms and soles are seldom involved in adults but in infants any area of skin may be infected.

Children are excluded for 24 hours after medication and treatment is commenced.

All soft furnishings have been disinfected and the carpets in affected areas will be steam cleaned this weekend.

Yesterday I hosted the South Western Assistant Regional Director, Lesley Hubble on a visit to our school. She was keen to see all that we offer to our students and was very impressed with the calm and on task classrooms, the students’ ability to articulate their learning and the friendly playgrounds. We are continuing to work on exploring opportunities to increase the community support offered through the school.

We also have severe cases of Gastro around the school. Parents if your children are sick please keep them at home to prevent the spreading of this virus. Our sick bay cannot cope with the large number of students attending every day.

Concert tickets will be sent home with your child tomorrow, Friday 6th September. Parents please check your child’s bag.

Office News

Office Hours, 8.30am – 4.00pm Monday to Friday

IT’S NOT OK TO BE LATE

The first school bell goes at 8:55, we expect all children to be lining up at this time ready to go to class and begin their work for the day.

At a certain level, these details must be reported to the relevant authorities, and I urge all parents to reschedule their alarm clocks and set a target to be at school by 8.45am.

Missing a few minutes each day may not seem like a big deal but your child may be missing more than you realise if he or she is continually late. Current research shows that mornings for most children are the most productive time of the day with 10.00am the peak period for productivity. When children arrive late and take time to settle as they inevitably do precious minutes are lost. A child who is fifteen minutes late to school each day misses one week of school every year.

SCHOOL NURSE
All prep parents please make sure that your forms have been returned for the school nurse. The last day to process these is Friday. If you have lost your form replacements are available from the office.

Sun smart
It’s nearly term 4, the time of the year when all children need to be wearing a broad brimmed hat whenever they are outside.

Don’t forget to get your child’s hat ready.
If a child is not wearing a hat then they will be asked to spend their recess and lunch times in the outdoor learning area next to the amphitheatre.
It is more fun to have that hat on!

For those who continually have no hat or are found to be outside after being asked to stay in the outdoor learning area will be sent to the office.

Pick up at Flemington Street
Please be aware that the Council Parking Officers have been around booking people again. It is important to read the parking signs as a number of them change in line with starting and finishing times of schools. If you do get booked when parked illegally the school is unable to assist you.

Volunteers needed

The Kensington Neighbourhood House is looking for volunteers to mind a group of pre-school children on Thursdays from 1pm until 3pm.

The Neighbourhood House is giving migrant and refugee women, who cannot otherwise attend English classes due to lack of childcare, the opportunity to attend the new 'English and Sewing' class. Our volunteer child minders will be well supported and have access to the Neighbourhood House’s existing childcare rooms and toys.

If you can spare 2 hours a week, please call the Kensington Neighbourhood House on 9376 6366.

Would you like your child to experience the confidence that Performing Arts develops?
