Principal’s Report
Lesley McCarthy

I was delighted to return to school this week and greet the children, Teachers and parents. My sincere thanks to Sandra McOrist, Bruce Ziebell and Sarah Nightingale who led the school in my absence, and supported teachers, children and parents. I am very grateful for their dedication and willingness to take on the additional responsibilities.

I have had a wonderful holiday visiting Poland, Turkey, Hungary, Austria, Germany and the Netherlands. The last 2 weeks of my trip was a cruise along the Danube/Main Rivers from Budapest to Amsterdam, a delightful vision of fairytale castles, churches, bridges, the incredible lock system and the cities and towns along the way. The highlights were my visit to Gallipoli and Vienna, two remarkable places.

Over the last 4 weeks, teachers have been continuing to assess student learning and write the mid year reports. I am thrilled with the learning growth and achievements of students, the many successes they have experienced this year not only in academic fields, but also in Art, Music, Science, PE and Sport and in personal learning. Congratulations to each and every one of them. Student Reports will be sent home next Thursday, June 26th.

Last night the mid year Instrumental Music concert was held in our Hall. What an incredible and inspiring event this was. Students continue to develop their musical skills and their group work. Vern and the Instrumental Music teachers should be very pleased with their work. Many thanks also to the dedicated parents on the Instrumental Music Committee who ran the BBQ, sold cakes, drinks and raffle tickets and assisted with entry. Without their assistance, this concert would not have been as well organised and enjoyable as it was.

See some of Phillip smith’s photos on Page 5.

Parents may have noticed new signage around the school relating to Asbestos. This is a new Government regulation which requires every school with buildings containing asbestos to be signed. Flemington Primary School has very limited asbestos in some of our older portable buildings, all contained and secure from damage.

Pickups at the Flemington Street Bollards…..

This pickup area on some afternoons can only be described as a complete nightmare for the yard duty teachers and myself. It would really be appreciated if parents held their child’s hand when crossing the road and actually walked with them.

Double parking is an issue here as well, once again we ask parents to take care and park in the allocated zones. We will be contacting the council and police again if this does not improve.

Please take care especially when you have the most precious possession with you, your child.

**AFL**

It was a great day to play footy. We were vs saint Mary’s b team. Saint Mary’s were a great team. The key players were Moaz, Josh, Luke and Liam. Luke, Liam and Ryan had a great play by Ryan tapping it to Luke, who then ran the field and kicked to Liam at full forward. Moaz did a great job in the backline by kicking the ball out of the backline and got many clearances. Josh did a great job of helping the backline by sticking to their best player, number 13. The final score was 22-19 in St Mary’s way.

**T-Ball**

On Friday the 13th of June, the T-ball team went to St Mary’s to play a great game of T-ball! We played fairly and hard and enjoyed every minute of it. Deqa amazingly got 2 people out from the other team and Lochie and Daniel did an astounding job on their 1st and 2nd bases. Lily jumped high and caught an awesome ball unexpectedly and passed to Lochie that got many people out. Luca managed to catch and pass to bases quickly enough to get those players out and Haniyah, Miranda, Jack, Ella and Kelly batted great, running base to base trying their hardest at all times. We all played well with a great score of DOUBLE the other teams score which adds up to 8-16 our way! We all played GREAT!

Deqa & Lily

**Netball**

Last Friday, The inter school sport netball team played St Mary’s B, unfortunately both A and B lost, with the scores of 10 - 9 by the A team and 18 - 2 to the B team. We enjoyed playing St Mary’s, it was a lot of fun and we made friends with some girls from the other team. We all played well and everyone was positive. Edel, who was GK (goal keeper), was playing against some tall players and let a few goals past, but it didn’t matter because in the 2nd half the A team came back. Even though the B team didn’t get the scores they wanted, they still persisted and scored 2 goals, but unfortunately it wasn’t enough.

**Friday Fun Treats**

Last Friday Fun Treat for the term will be donuts and popcorn for $1.

Thanks to Lisa Madden for coordinating these treats for the term & to all the parents who helped setup & sell.

**Trivia and 70’s Pop Night - Saturday 26th July 2014**

SAVE THE DATE—YOU DON’T WANT TO MISS THIS!!

The HUB is holding a social event for FPS parents, teachers, partners and friends (kids-free zone) on Saturday 26th July. We ran a similar 80’s night last year which was a huge success and this year will sell out fast as a result – so first in best dressed (70’s dressed, of course)!

The night will be a combination of trivia and 70’s ‘disco’ (very Studio 54!). Tables of 8 are available but we’re happy to put tables together if you can’t make up a full table. Tickets are available at the office for $20 each and it’s BYO food, drink and sense of fun!
Nationally Consistent Collection of Data on School Students with Disability

From 2015, all government and non-government schools in Australia will be required to participate annually in the Nationally Consistent Collection of Data on School Students with Disability. The first data collection took place in selected schools in October 2013. Over 2013 and 2014 selected schools will participate in data collection under a phased approach before full national implementation in 2015.

Not enough is currently known about students with disability at the national level to enable governments to target support and resources in schools to help all students to reach their full potential. A nationally consistent approach to collecting data on students with disability will give governments, schools and education authorities information about how many students with disability are enrolled in Australian schools, where they are located and the level of adjustments provided for them to participate in schooling on the same basis as other students.

Data will be used to gain a clearer picture of the needs of students with disability, and give more support to schools so that they can better understand and implement their core responsibilities under the Disability Discrimination Act 1992 and the Disability Standards for Education 2005.

A number of resources have been developed to help parents and carers with understanding the Nationally Consistent Collection of Data on School Students with Disability and how it may affect your child – these include fact sheets, frequently asked questions and a privacy notice.

Background information on the 2011 and 2012 Trials of the Nationally Consistent Collection of Data on School Students with Disability is also available.

Information on this website on the Nationally Consistent Collection of Data on School Students with Disability is being hosted for the Standing Council on School Education and Early Childhood (SCSEEC) Joint Working Group to Provide Advice on Reform for Students with Disability (Joint Working Group).
